To all our friends at Evangelical Christian School,

We would like to take this opportunity to introduce you to ABC Electric Service. Additionally, we would like to give you a chance to be part of a very special program, which will benefit your school directly. The way this program works is; whenever you use ABC Electric Service for your service work, a 2% donation (based on the value of the service work performed) will be donated back to Evangelical Christian School on your behalf.

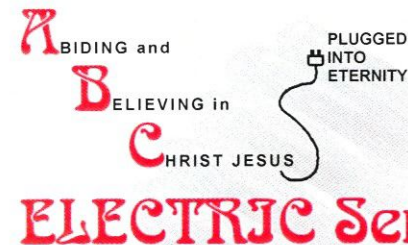

That's right; ABC Electric Service will donate 2% of the amount you pay back to Evangelical Christian School. You will also be identified on the donor list, which will be sent in monthly with the donation. This offer is good for any service work completed with the certificate below, and any other service work you may have done in the future.

Just remember, when you call ABC Electric Service; please be sure to identify yourself as a Evangelical Christian School member. In doing so, we will be able to automatically generate the 2% donation on your behalf.

Sincerely,

Joseph A. Abraham, Pres.
